## *Frequently Asked Questions*

### 1. I want to learn more about the International Association of Risk and Compliance Professionals (IARCP)

The International Association of Risk and Compliance Professionals (IARCP) develops and maintains four certification programs and many tailor-made training programs for directors, executive managers, professionals working for banks and financial organizations, consultants, vendors, service providers, auditors, and legal counsels around the world. Subject matter experts review and update this body of knowledge.

The IARCP is wholly owned by Compliance LLC, a provider of risk and compliance management training and executive coaching in 36 countries.

Several business units of Compliance LLC are very successful associations that offer standard, premium and lifetime membership, weekly or monthly updates, training, certification, Authorized Certified Trainer (ACT) programs, advocacy, and other services to their members.

The Certified Risk and Compliance Management Professional (CRCMP) training and certification program of the IARCP has become **one of the most recognized programs in risk management and compliance**.

There are CRCMPs in 32 countries around the world. Companies and organizations like IBM, Accenture, American Express, USAA etc. consider the CRCMP a preferred certificate.

## 3. Which are the benefits of these certification programs?

Compliance and risk management have become much more important after the crisis and firms must provide evidence that they rely on qualified professionals.

The certificates offered by the International Association for Risk and Compliance Professionals can benefit employees, consultants, and organizations.

### Benefits for Employees and Consultants

1. **More money:** Several salary surveys reveal the power of certificates to boost income.

These surveys show that **certified professionals earn more money** than non-certified professionals, as their skills grow and can command a higher pay check.

2. **Better position:** Certificates are important when being considered for a promotion or other career opportunities.

You give the necessary assurance that you have the knowledge and skills to accept more responsibility.

3. **Better job:** Certificates differentiate yourself from your competitors.
4. **Professional credentials:** Certification and training listed on your resume demonstrates your ability and your desire to stay current.

### Benefits for Organizations

1. **Independent evidence:** Certificates serve as independent evidence that employees and contractors have the skills required to support risk and compliance management projects.
2. **Job satisfaction:** Certified employees are more satisfied and more productive than their non-certified counterparts.
3. **Due care:** Certified professionals greatly assist employers in constructing a viable risk and compliance management program and proving that they exercise due care.

### 4. Are the training courses and certification programs vendor neutral?

Yes. We do not promote any products or services. We are 100% independent.

### 5. How are the exams developed?

The Association develops and maintains a compendium of risk and compliance management topics. Subject matter experts review and update this body of knowledge.

All the questions of the exams have been reviewed and approved by a group of subject experts on behalf of the Association.

### 6. Do I need to buy books to pass the exams?

No. If you study the presentations, you can pass the exams.

If you fail the first time, it is not a failure; it is an opportunity to study more.

Print the presentations and use Post-it to attach notes like "COSO" "Operational Risk" etc. to know where to find the answer of the material you may not remember.

### 7. You have open book exams! Why?

Risk and compliance management is not something you have to memorize; it is something you must understand.

### 8. How much time do I have to answer the questions?

You have 90 minutes to complete a 35-question multiple-choice exam.

### 9. What score do I need to pass each exam?

You must score 70% or higher.

### 10. I would like to have a discounted price.

Although the all-inclusive cost is very low, you will have a \$100 discount for your second program (for example, if you purchase the CRCMP program at \$297, you can purchase the CISRCP program at \$197). There is no other cost for each program, now or in the future, for any reason.

**11. I have studied the presentations and I am ready to sit for the exam.**

You must follow the steps described at:

**e. Approved Training and Certification Centers (IARCP-ATCCs)** - In response to the increasing demand for CRCMP training, the International Association of Risk and Compliance Professionals is developing a world-wide network of Approved Training and Certification Centers (IARCP-ATCCs).

This will give the opportunity to risk and compliance managers, officers, and consultants to have access to instructor-led CRCMP and CISRCP training at convenient locations that meet international standards.

ATCCs use IARCP approved course materials and have access to IARCP Authorized Certified Trainers (IARCP-ACTs).
