

## *Frequently Asked Questions*

*1. I want to learn more about the International Association of Risk and Compliance Professionals (IARCP).*

The IARCP is wholly owned by Compliance LLC, a company incorporated in Wilmington NC and offices in Washington DC, a provider of risk and compliance training in 36 countries.

Several business units of Compliance LLC are very successful associations that offer standard, premium, and lifetime membership, weekly or monthly updates, training, certification, Authorized Certified Trainer (ACT) programs, advocacy, and other services to their members.

*2. Does the association offer training?*

The IARCP offers distance learning and online certification programs in all countries, and in-house instructor-led training in companies and organizations in many countries.

*A. Distance learning and online certification programs.*

A1. Certified Risk and Compliance Management Professional (CRCMP).

To learn more, you may visit:

[www.risk-compliance-association.com/Distance Learning and Certification.htm](http://www.risk-compliance-association.com/Distance_Learning_and_Certification.htm)

A2. Certified Information Systems Risk and Compliance Professional (CISRCP).

To learn more, you may visit:

[www.risk-compliance-association.com/CISRCP Distance Learning and Certification.htm](http://www.risk-compliance-association.com/CISRCP_Distance_Learning_and_Certification.htm)

### A3. Certified Risk and Compliance Management Professional in Insurance and Reinsurance CRCMP(Re)I.

To learn more, you may visit:

[www.risk-compliance-association.com/CRCMP Re I.htm](http://www.risk-compliance-association.com/CRCMP_Re_I.htm)

### A4. Certified Cyber (Governance Risk and Compliance) Professional CC(GRC)P.

To learn more, you may visit:

[www.risk-compliance-association.com/CC GRC P Distance Learning and Certification.htm](http://www.risk-compliance-association.com/CC_GRC_P_Distance_Learning_and_Certification.htm)

### B. Instructor-led training.

The association develops and maintains four certification programs, and tailors presentations and training programs for directors, executive managers, risk and compliance managers, internal and external auditors, data owners, process owners, consultants, suppliers, and service providers.

For instructor-led training, you may contact Lyn Spooner at:

[lyn@risk-compliance-association.com](mailto:lyn@risk-compliance-association.com)

The Certified Risk and Compliance Management Professional (CRCMP) designation is globally recognized. There are CRCMPs in 32 countries.

requirements.

- Stay abreast of regulatory environment regarding VRM.

### Qualifications

- A minimum of a Bachelor's degree or equivalent is required.
- Compliance Certification (CRCMP) designation is preferred.
- A minimum of 6 years experience in IT compliance, finance compliance and/or payroll compliance is required.
- Experience leading & executing SOX 404 compliance programs is required.
- Prior experience with vendor risk management preferred.
- Experience working with 3rd party vendors is preferred.

### Corporate Risk Officer

Tompkins Financial Advisors - Ithaca, NY

[Apply On Company Site](#)

### Preferred Qualifications:

- Experience with regulatory examinations, including direct interaction with regulators/examiners, is strongly preferred
- Experience with physical/fraud security matters, investigations and response, including both internal fraud investigations & external fraud (payments/transfers fraud) is also plus.
- One or more of the following certifications are preferred: Certified Risk and Compliance Management Professional (CRCMP), Certified Information Systems Risk and Compliance Professional (CISRCP), Certified in Risk and Information Systems Control (CRISC), Certified Internal Auditor, CPA or J.D.

Companies and organizations like Accenture, American Express, USAA etc. consider the CRCMP a preferred certificate.

You can find more about the demand for CRCMPs at:  
[www.risk-compliance-association.com/CRCMP\\_Jobs\\_Careers.pdf](http://www.risk-compliance-association.com/CRCMP_Jobs_Careers.pdf)

### *3. Is there any discount available for the distance learning programs?*

Unfortunately, we do not offer any discount for the first program. We want to keep the cost of the programs so low for all members.

You have a \$100 discount only after you purchase one of our programs. The discount applies to each additional program of the association.

For example, you can purchase the CRCMP program for \$297, and *then* purchase the CISRCP program for \$197 (instead of \$297), and/or the CC(GRC)P program for \$197 (instead of \$297), and/or the CRCMP(Re)I program for \$197 (instead of \$297).

### *4. Why do you accept payments via PayPal only, for the distance learning programs?*

There are important threats to data security in today's IT landscape. On top of that, new data protection regulations around the world put tough requirements on organisations that store “personally identifiable data”, including credit card

information.

These two factors could increase the cost of our programs dramatically. We accept payments via PayPal for the distance learning programs, to minimize the cost of compliance and administration. PayPal keeps and protects your financial information, not us, so we can keep the cost of the program so low.

With PayPal you have some additional benefits. You can keep the program for 59 days to evaluate it, and if you do not like it, you can simply send us an email and ask for a full refund, no questions asked. We will refund your payment in less than 24 hours. PayPal offers this escrow service (an escrow generally refers to money held by a third-party, PayPal, on behalf of the transacting parties). In this way, there is absolutely no risk for you.

If you do not have a PayPal account and you do not want to create one, somebody else with a PayPal account can also pay for you. After the payment, just let us know, and we will update the record.

*5. Are your training and certification programs vendor neutral?*

Yes. We do not promote any products or services, and we are 100% independent.

*6. I want to learn more about the exam.*

You can take the exam online in the comfort of your home or office, in all countries. You will be given 90 minutes to complete a 35-question multiple-choice exam. You must score 70% or higher.

We do not send sample questions. If you study the presentations, you can score 100%.

When you are ready to take the CRCMP exam, you must follow the steps:  
[https://www.risk-compliance-association.com/CRCMP\\_Certification\\_Steps\\_1.pdf](https://www.risk-compliance-association.com/CRCMP_Certification_Steps_1.pdf)

When you are ready to take the CISRCP exam, you must follow the steps:  
[https://www.risk-compliance-association.com/CISRCP\\_Certification\\_Steps\\_1.pdf](https://www.risk-compliance-association.com/CISRCP_Certification_Steps_1.pdf)

When you are ready to take the CRCMP(Re)I exam, you must follow the steps:  
[https://www.risk-compliance-association.com/CRCMP\\_Re\\_I\\_Certification\\_Steps.pdf](https://www.risk-compliance-association.com/CRCMP_Re_I_Certification_Steps.pdf)

When you are ready to take the CC(GRC)P exam, you must follow the steps:  
[https://www.risk-compliance-association.com/CC\\_GRC\\_P\\_Certification\\_Steps\\_1.pdf](https://www.risk-compliance-association.com/CC_GRC_P_Certification_Steps_1.pdf)

*7. How comprehensive are the presentations? Are they just bullet points?*

The presentations are not bullet points. They are effective and appropriate to study online or offline.

*8. Do I need to buy books to pass the exam?*

No. If you study the presentations, you can pass the exam. All the exam questions are clearly answered in the presentations.

If you fail the first time, you must study more. Print the presentations and use Post-it to attach notes, to know where to find the answer of a question.

*9. Is it an open book exam? Why?*

Yes, it is an open book exam. Risk and compliance management is something you must understand and learn, not memorize. You must acquire knowledge and skills, not commit something to memory.

*10. Do I have to sit for the exam soon after receiving the presentations?*

No. You can sit for the exam from your office or home, any time in the future. Your account never expires and there is no restriction of any kind.

*11. Do I have to spend more money in the future to remain certified?*

No. Your certificates never expire. They will be valid, without the need to spend money or to sit for another exam in the future.

*12. Ok, the certificates never expire, but things change.*

Recertification would be a great recurring revenue stream for the association, but it would also be a recurring expense for our members. We resisted the temptation to "introduce multiple recurring revenue streams to keep business flowing", as we were consulted. No recertification is needed for our programs.

Things change, and this is the reason you need to become (at no cost) a member of the association. Every Monday you can visit the "Reading Room" of the association and read our newsletter with updates, alerts and opportunities, to stay current.

*13. How many hours do I need to study to pass the exam?*

You must study the presentations at least twice, to ensure you have learned the details. The average time needed is 32 hours for the CRCMP program, 26 hours for the CISRCP program, 35 hours for the CC(GRC)P program, and 34 hours for the CRCMP(Re)I program, but there are important differences.

*14. Why should I get certified?*

Firms and organizations hire and promote "fit and proper" professionals who can provide evidence that they are qualified.

Employers need assurance that employees have the knowledge and skills needed to mitigate risks and accept responsibility. Supervisors and auditors ask for independent evidence that the process owners are qualified, and that the controls can operate as designed, because the persons responsible for these controls have the necessary knowledge and experience.

The marketplace is clearly demanding qualified professionals in risk and compliance management. Certified professionals enjoy industry recognition and have more and better job opportunities.

It is important to get certified and to belong to professional associations. You prove that you are somebody who cares, learns, and belongs to a global community of professionals.

*15. Why should I choose your certification programs?*

We strongly believe that we offer very good value for money.

- a. The all-inclusive cost of our programs is very low. There is no additional cost for each program, now or in the future, for any reason.
- b. If you purchase a second program from the association, you have a \$100 discount. The all-inclusive cost for your second (and each additional) program is \$197.
- c. There are 3 exam attempts per year that are included in the cost of each program, so you do not have to spend money again if you fail.
- d. No recertification is required. Your certificates never expire.
- e. You become a member of the association, you get certified, and you receive weekly updates, news and alerts.
